Good day and I apologize for the delay in response to this matter but I had to do a little more investigative work into the Mulberry Street site and it turns out that the property is not owner occupied and although I understand that it is the former residence of a neighbor, I also understand that the property has been unoccupied for a period of a year or more. I also had checked out the attached lot and found that it has a sinkhole in the rear of the house which I was already aware of.

Thank you and enjoy your weekend.
